Dear Madam:

In the January 30, 2006 Office Action issued in the above-referenced application, the

and to:

- (i) U.S. Patent Application Publication No. 2005/0136891 (corresponding to Patent Application Ser. hereby waives and disclaims the terminal portion of the term of any patent to be granted on the above-identified application subsequent to the expiration date of any patent that may issue from the '026 Application, whereby any patent to be granted on the above-identified application will expire on the same day, provided any patent granted from the above-identified application shall be enforceable only for and during such period that said patent is commonly owned with any such patent that may issue from the '026 Application

Respectfully submitted,
